

NO SOLICITING!

- We **don't want** your magazine because we already have all the subscriptions we want.
- We **don't want** to join your bible study or participate in your church fundraiser.
- We **don't want** your religion because we already have our own beliefs.
- We **don't want** your newspaper because we already get the one we read.
- We do **not want** to pay you to run, walk, swim, jog, jog-walk, swim-jog, or walk-run.
- We **don't want** to fund your fraternity's trip to Mexico.
- We cannot afford to help your charity. We give to charities when we can, but **not** to people who come to our door.
- We **do not want** a "trial" anything.
- We **don't** care if it will "save you money" as we know that door-to-door salespeople always end up costing us in the end.
- If you are a politician, you are wasting your time because we already know how we're going to vote.

If you knock on the door anyway, we reserve the right to be **incredibly rude** to you. If you harass us more than once, we will call the police.

Thank you.
